

Outdoor Solutions
— QUEENSLAND —
CREATING QUALITY LANDSCAPES

Company Profile

Outdoor Solutions Queensland is a vibrant and dynamic Indigenous owned business and is Far North Queensland's leading Landscape Construction and Grounds Maintenance company.

Outdoor Solutions Queensland is an Indigenous family-owned business owned by Markus and Tiarnie Mueller. Since 2008, we have gained a proud reputation in Far North Queensland, providing *quality landscape construction projects* created through the hard work and talent of our diverse team.

What we offer

All aspects of *civil, commercial and residential landscape design and construction*, including playgrounds, parks, open spaces, streetscapes, hard scape, soft scape, revegetation, irrigation, sediment control, rehabilitation and vegetation management.

We are unique

- Substantial inherent *industry experience and qualifications* coupled with ongoing vocational training and team skills development that keep pace with industry standards and innovation.
- A consistent focus on *enhancing the environment* through the creation of beautiful landscapes in diverse settings, along with a commitment to *quality* through a program of *continuous improvement*, while keeping everyone's *health and safety* at the heart of everything we do.
- A determination to *grow the business into new markets and opportunities*, including innovative landscape design projects, inspiring public green spaces and leisure areas, child-friendly nature play and adventure playgrounds, utilizing contemporary horticulture choices that are species-appropriate, and offering landscaping design options that are both imaginative and suit the built environment.
- An ongoing commitment to *attracting, training and retaining both Indigenous and non-Indigenous Queenslanders*.
